This eventful and wonderful year has been one which many of us shall never forget but if memories become a vague whisper, may we turn these pages with a wistful smile and renew our minds together.

Dedication

In memory of Mrs. Alice Lamar whose unselfish work and devotion to this school will remain as an enduring monument, and whose courage, love of life and people lingers as a beneficent influence in the lives of all who knew her, we dedicate this volume of our yearbook.

MRS. ALICE LAMAR

SUPERINTENDENT'S MESSAGE

In the age in which we live education is a must. It is important to be able to translate Latin into English, carry out experiments in Science, work correctly mathematical problems, and to know the history of the world, but it is far more important to cultivate the spirit and get a true perspective of life—for the world is not suffering from a confusion of languages, lagging of scientific advancements, meager mathematical knowledge—or lack of the knowledge of what history teaches—But it is suffering because leaders do not have the true perspective in a God-created world. Until they do have, and until each of us has—they and we shall be unable to live side by side with Nations and neighbors and all work for the good of all.
